

P & F Wish list

2018

Nature Play area:

The school was successful in receiving a grant in 2017 of \$2500 from the LLL, for the establishment of a nature play area. Preliminary has been undertaken by staff and we will contract a consultant to assist in planning this space (behind the shed on the oval). It is estimated that \$10 000 would go a long way in constructing this space. It may be that it will be a staged project with further funds required in 2019.

\$10 000

Readers

Over the last few years the school has spent several thousand dollars in purchasing new readers for the junior primary classes. A further injection of funds (on top of the school's contribution) will ensure a good range and depth of readers.

\$1500

Special Education (sensory room / aids)

It is planned to convert the current meeting room into a sensory room. Tim would like to be able to purchase items for this, along with some 'wobble' stools for some of the classrooms.

\$ 2000

Classrooms

Teachers were asked several times since the last meeting to indicate any resources which they might like to include on the list. The juniors have asked for readers (as above). The nature play area is seen as a whole school resource.

Michelle Dancis has requested a sofa for her room, along with some small items.

\$ 500

Total \$ 14 000
