GOLDEN GROVE LUTHERAN PRIMARY SCHOOL

BELIEVE COLLABORATE ACHIEVE

Assembly Awards Week 5

Assembly Awards Week 6

Lilly Kumela received a participation award from Tea Tree Gully district SAPSASA for taking part in the Swimming Championships.

Well done Lilly.

The year 1 students went on an excursion to Uleybury school to experience what school was like in the past.

Students were entertained by the Camp Quality Puppets at the request of Zaliea and her dad Scott. The puppets help educate the school community about cancer in an age appropriate and child friendly way and to dispel myths and misconceptions that are commonly associated with cancer.

Jesus tells us in John, Chapter 15, that we are his friends. When we show love to others, we fulfil his commandments. We have the ability to love because Christ first loved us. Loving can be hard sometimes because our differences can lead to a lack of understanding of another point of view or way of doing things. Loving isn't always about ourselves. To love truly is to be accepting of another's point of view, way of doing or way of living. Understanding enhances acceptance of difference. When we don't understand or accept, we need to display or receive forgiveness. This can bring about reconciliation that helps restore friendship.

During National Reconciliation Week, our school recognised Aboriginal and Torres Strait people through the display of ribbons in the colours of the Aboriginal flag. 'Don't make history a mystery' was the theme for NRW. Within our classes, we teach an understanding of Aboriginal and Torres Strait history. Were you exposed to this history in your schooling? I certainly was not. I believe that learning about this history allows us to understand and accept the viewpoint of our fellow Australians. I believe that celebrating others' cultures is important and is a way to show love to others.

Embracing others similarities and differences is what Jesus wanted us to do. It is what He did. Let us love one another as Christ first loved us.

Jayne Zadow

Dear all,

Every two years the school gathers data about different aspects of school life. All year 5 and 6 students, all families and staff are invited to participate in this survey titled '**Quality Schools**'. The survey, which is run in all Lutheran schools across Australia is facilitated by a third party. The data, gathered from the different stakeholders in the school, is analysed by the staff and School Council with strengths being celebrated and areas for growth becoming part of the school's improvement plan. We also have the capacity to compare the 2018 data with that gathered in 2016; it is a rich way to gather data on the school. All families should have received an email from Dr Jean Thompson from RADII inviting you to anonymously participate in this year's survey. If you have any problems with this (or did not receive it) please contact Tanya in the office. The students will complete their survey at school. The survey for parents closes on 24th June and there is only one survey per household.

You are thanked in anticipation for your involvement in this. An executive summary will be provided to the school community next term.

Blessings,
Shane

Uniform: The changeover from summer to winter uniform was to be completed by the 1st June. All students should now be wearing the correct winter uniform.

Child Care benefit: There has been quite a lot of media advertising on the changes to the child care rebate - these changes will affect families who access GGOSH at any time during the year. It is essential that you update your details in these next few weeks so that you receive the rebate. If you are unsure about this or are having trouble please contact Vicki or Tanya as a matter of urgency.

Kaufland : Recently, you may have received information regarding the proposed sale of the Richardson Reserve land to Kaufland, to enable the Modbury Vista Soccer Club to relocate to a new premise on Golden Grove Road. Golden Grove Lutheran School and Wynn Vale School have held preliminary conversations about this potential sale, as we are both in the same position. Should this sale go ahead, we will work together to find out what it means for us, as we both share the adjoining boundary to Richardson Reserve. Together, as information becomes

available to our schools, we will collectively work through any potential opportunities or concerns this may have for our respective school communities. In the meantime, I encourage any families interested to view the Tea Tree Gully 'Have your say' website: <https://haveyoursay.cttg.sa.gov.au/richardson>

Term 3 students: Next week we will welcome 5 new Foundation students to the school for transition visits as they ready themselves for school life in third term. There will be three transition visits over the coming weeks before school starts for them in third term.

Homestead kindy visit: One of our new partnerships is with the Homestead Child Care Centre. Last term the kindy students spent a morning with us and last week we reciprocated that visit with Mrs Zadow's class spending time with the children, reading and interacting with them. Read their report in this newsletter. It is a great way to interact and build relationships within the broader community.

Year 4 Excursion to the Art Gallery

On Thursday 31st May the year 4 cluster travelled to the Art Gallery on North Terrace to participate in a studio workshop related to street art where they experienced some new techniques in producing a painting, and began to develop their very own "world". Afterwards, students were led by Mrs. Magarey through the exhibition entitled "divided worlds" where they experienced a variety of art forms. Thanks Mrs. Magarey for leading through this. We learnt a lot and now understand a lot more about appreciation and understanding the message behind artworks.

Jacquie Paech, yr 4 teacher

Year 5/6Z - Visit to Homestead Child Care Centre

Mrs Zadow's class went to the Homestead Child Care Centre and read picture books to the pre-schoolers. I partnered with Tahlia who is 4. She was a wonderful and joyful child. She believed that her reverse-all shirt was magic! I read her the book 'Rainbow Fish Hide and Seek' and we also read 'Sunday Chutney'. She had strong creativity when we made an Aboriginal puzzle. When I first met her she was very quiet but then after a while, she became stronger with her language. I made a friend and I most definitely think we should visit the Centre again.

Charlize Liddle

OPEN DAY

**Thursday,
21 June**
9:00am – 11:00am
Connected

Bookings not required.
Personal Tours of the
College can be arranged
outside these times
upon request.
